Mr. Jim Long  
 Department of Natural Resources  
 P.O. Box 1368  
 Jefferson City Missouri 65102

Dear Mr. Long:

In an effort to reduce the volume of mail this letter will cover a number of potentially uncontrolled sites, some of which you are already aware of. As agreed in your recent conversation with Kerry Herndon. We are providing your department with the Site Identification (EPA form 2070-8) and Identification and Preliminary Assessment (T-2070-2) forms on the following sites:

1. Agronomy Research Center, University of Missouri  
 Columbia, Missouri Site #MO-000010060
2. Burlington Northern Railroad  
 North Kansas City, Missouri Site #MO-000010058
3. Show-Me Power Coop  
 Marshfield, Missouri Site #MO-000010059
4. Chemical Sealing Co.  
 Kansas City, Missouri Site #MO-000010062
5. Hamilton Hauling Company  
 Kansas City, Missouri Site #MO-000010057
6. Litton Systems, Inc. (Advanced Circuitry Division)  
 Springfield, Missouri Site #MO-000010061

The EPA Region VII would like to acknowledge the receipt from MDNR of tentative dispositions (T-2070-4) on the following sites:

1. C & B Salvage Yard (Site #MO-000010012)  
 Jacksonville, Missouri
2. Chapman Salvage Yard (Site #MO-000000130)  
 Cuba, Missouri

3. Drum Dumping Area (Site #MO-000010020)  
Union, Missouri
4. Fulbright Landfill (Site #MO-000010009)  
Springfield, Missouri
5. N.L. Industries Chemical Division (Site #MO-000000440)  
St. Louis, Missouri
6. Westlake Landfill (Site #MO-000000320)  
Bridgeton, Missouri
7. Bollinger Farm (Site #MO-000010003)  
Annapolis, Missouri

We have added some additional information to these forms as submitted by your department. We are providing these updated forms for your information.

We are also providing Region VII's current listing of Potentially Uncontrolled Hazardous Waste Sites in Missouri. Enclosed you will also find a copy of the October 1980, Uncontrolled Hazardous Waste Site Monthly Statistical Summary.

Finally, a member of my staff recently received a telephone call from a Grover Wear. Mr. Wear reports some midnight dumping on his farm near Shelbina, Missouri. The EPA Region VII currently does not feel it has sufficient information to list this as a potentially uncontrolled site and any subsequent investigation.

Sincerely yours,

Robert L. Morby  
Chief, Hazardous Materials Branch  
Air and Hazardous Materials Division
